Numbers Served – Substance Abuse Treatment: In FY 2013/2014, 7,325 Mississippi residents were admitted into substance abuse treatment through SAPT Block Grant-funded programs. This data includes detoxification treatment (24 hour care), rehabilitation/residential treatment, ambulatory (outpatient), and opioid replacement therapy.

Mississippi treatment admissions by primary substance of abuse (TEDS, 2013):

- Marijuana: 21.0%
- Alcohol: 17.1%
- Alcohol with secondary drug: 15.8%
- Other opiates: 14.8%
- Amphetamines: 9.2%
- Cocaine (smoked): 7.1%
- Cocaine (other route): 3.3%
- Heroin: 1.8%

Numbers Served – Substance Abuse Prevention: In FY 2013/2014, 817,204 prevention services were provided in Mississippi. Of those, 141,459 were provided using individual-based programs and strategies, and 675,745 were provided using population-based programs and strategies.

Federal Substance Abuse Prevention and Treatment (SAPT) Block Grant: The SAPT Block Grant serves as the cornerstone of each State's substance abuse prevention, treatment, and recovery system. By statute, 20 percent of the SAPT Block Grant must be dedicated to critical substance abuse prevention services. The grant is allotted to States by a formula based on the overall funding level set by Congress each year. Mississippi received the following SAPT Block Grant allotments for the past four years:

- FY 2016: \$13,803,562
- FY 2015: \$13,714,768
- FY 2014: \$13,705,865
- FY 2013: \$13,399,170

Opioid Overdose Deaths:

Opioid overdose deaths have been on the rise nationally. Mississippi has seen high rates of overdose rates for prescription opioid pain relievers.

- 2014 Heroin Deaths: 23 (0.8 per 100,000)
- 2011 Prescription Opioid Deaths: 52 (1.7 per 100,000)
- 2014 Prescription Opioid Deaths: 64 (2.1 per 100,000)
