Numbers Served – Substance Abuse Treatment: In FY 2013/2014, 11,597 South Dakota residents were admitted into substance abuse treatment through SAPT Block Grant-funded programs. This data includes detoxification treatment (24 hour care), rehabilitation/residential treatment, ambulatory (outpatient), and opioid replacement therapy.

South Dakota treatment admissions by primary substance of abuse (TEDS, 2013):

- Alcohol: 48.7%
- Alcohol with secondary drug: 26.5%
- Marijuana: 13.4%
- Amphetamines: 6.3%
- Prescription opioid pain relievers: 2.6%
- Heroin: 0.7%
- Cocaine (other route): 0.3%
- Cocaine (smoked): 0.2%

Numbers Served – Substance Abuse Prevention: In FY 2013/2014, 217,556 prevention services were provided in South Dakota. Of those, 98,865 were provided using individual-based programs and strategies, and 118,691 were provided using population-based programs and strategies.

Federal Substance Abuse Prevention and Treatment (SAPT) Block Grant: The SAPT Block Grant serves as the cornerstone of each State's substance abuse prevention, treatment, and recovery system. By statute, 20 percent of the SAPT Block Grant must be dedicated to critical substance abuse prevention services. The grant is allotted to States by a formula based on the overall funding level set by Congress each year. South Dakota received the following SAPT Block Grant allotments for the past four years:

- FY 2016: \$6,041,710
- FY 2015: \$5,683,588
- FY 2014: \$5,642,441
- FY 2013: \$4,763,897

Opioid Overdose Deaths

Opioid overdose deaths have remained relatively stable in South Dakota.

- 2011 Prescription Opioid Deaths: 22 (2.7 per 100,000)
- 2014 Prescription Opioid Deaths: 20 (2.3 per 100,000)
