Introduction to the Opioid Response Network

Funding for the Opioid Response Network (ORN) was made possible (in part) by grant no. 1H79TI083343 from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Introduction to the Opioid Response Network

- ✧ **Mission:** Provide no-cost, evidence-based consultation and training to enhance prevention, treatment, recovery and harm reduction efforts at the local level to address the opioid and stimulant crisis.

Approach

- ✦ **Our goal is your goal!**
ORN rapidly connects requestors to expert consultants through a dedicated specialist in each state and territory.

Our Team

✧ *ORN* is led by the **American Academy of Addiction Psychiatry (AAAP)** in collaboration with the **Addiction Technology Transfer Center Network (ATTC)**, at the **University of Missouri-Kansas City**, and **Columbia University Division on Substance Use Disorders**.

TA Team Members

Ending the Opioid and Stimulant Crisis

ORN supports **Prevention, Treatment and Recovery** efforts. For example:

- ❖ Building awareness
- ❖ Decreasing stigma
- ❖ Supporting the planning and implementation of overdose prevention efforts (e.g., naloxone, medications for opioid use disorders)
- ❖ Strengthening collaboration between justice and public safety entities and treatment and recovery agencies
- ❖ Planning and implementing new models of care

Ending the Opioid and Stimulant Crisis

- ✧ In **Maryland** provided training for a recovery community organization to create a step-down and halfway house for LGBTQ+ individuals with opioid use disorder.
- ✧ In **Tennessee** supported a judge in a rural community to develop an implementation plan to start providing all FDA approved medications for treating opioid use disorder in a community jail.
- ✧ In **Alaska** convened virtual trainings on prevention programming for tribal leaders from 42 villages.
- ✧ In **West Virginia** provided training and educational resources for a clinic on how to incorporate substance use disorder services into their practice serving a faith-based community.
- ✧ In **Ohio** provided a certified recovery housing organization with best practices to help them implement peer support services.
