Interactive Map: Impact of State Targeted Response & State Opioid Response Grants

September 2022
The Substance Abuse and Mental Health Services Administration (SAMHSA) State Targeted Response to the Opioid Crisis (STR) and State Opioid Response (SOR) grants were/are a major source of funding to address the opioid crisis. Additionally, SOR grants provide resources to address stimulant misuse and use disorders.

To understand how grantee have used these funds, NASADAD developed in 2019 and 2021, individual state and territorial briefs that describe highlights of each state alcohol and drug agency’s use of STR/SOR funds across the continuum of care.

Thematic briefs were also developed to analyze common strategies and services states have implemented in dealing with the opioid and stimulant misuse and use disorders.
Thematic briefs describe some of the most pressing issues faced by the SSAs in responding to the opioid crisis and stimulant misuse and use disorders, common strategies to address them, and innovative programs. The briefs cover:

- Crisis Support Services
- Special Populations Initiatives
- Initiatives to Build Workforce Capacity
- Demonstrating Outcomes for a Healthier Future
- Prevention Initiatives
- Treatment Initiatives
- Overdose Reversal Initiatives
- Recovery Support Initiatives
Select a state or territory in the map or dropdown menu to access their STR/SOR Brief.
